Seth Graf	Commissioner Precinct No. 3
Thomas R "Tommy" Clevenger	Commissioner Precinct No. 4

Jennifer Palermo, County Clerk, and Ex-Officio Clerk of Commissioners Court when the following proceedings were had to-wit:

Motion by Commissioner Carter, second by Commissioner Graf, 4 Votes Yes, 0 Votes No, that the Minutes of a Regular meeting of the Commissioner's Court, held on June 21, 2021, A.D. be approved and stand as read.

Motion by Commissioner Wisdom, second by Commissioner Carter, 4 Votes Yes, 0 Votes No, that all monthly claims and bills submitted to the court and dated through June 28, 2021, A.D. be approved and stand as read.

Motion by Commissioner Carter, second by Commissioner Wisdom, 4 Votes Yes, 0 Votes No, that Commissioners Court approved the Interlocal Agreement related to inmate housing between Garza County and Hockley County. As per Interlocal Agreement recorded below.

INTERGOVERNMENTAL AGREEMENT BETWEEN GARZA COUNTY AND HOCKLEY COUNTY REGARDING HOUSING OF HOCKLEY COUNTY INMATES IN THE GARZA COUNTY LAW ENFORCEMENT CENTER/JAIL

THE STATE OF TEXAS

THE COUNTIES OF

HOCKLEY AND GARZA

KNOW ALL MEN BY THESE PRESENTS

The County of Garza, Texas hereafter referred to as 'GARZA' and the County of HOCKLEY, Texas hereafter referred to as 'HOCKLEY', enter into the following agreement concerning the incarceration of overflow prisoners of HOCKLEY County Texas, and said agreement is set out as follows;

1. A) GARZA hereby agrees to house overflow prisoners incarcerated by HOCKLEY if space is available. The availability of the space shall be determined by the GARZA County Sheriff in accordance with jail regulations set out by the Texas Commission on Jail Standards concerning the operation of jails and categories of prisoners.

B) GARZA and HOCKLEY hereby agree that GARZA will not house any injured prisoner unless HOCKLEY furnishes an acceptable medical release signed by medical personnel, certifying that the prisoner may be incarcerated. Medical release shall be confirmed by GARZA medical personnel.

C) The fee for housing said prisoners shall be at the rate of **\$55.00** per day, per prisoner, and GARZA shall bill HOCKLEY on a monthly basis for said cost by an itemized statement showing the number of days per each individual prisoner. GARZA will charge the per diem fee the day the inmate is booked in. The day the inmate is returned/released will not be charged.

2. HOCKLEY will pay for all hospital, health care services and prescription medications provided to any prisoners housed by GARZA for HOCKLEY. Nonprescription medications will be administered without charge by GARZA for indigent inmates.

3. HOCKLEY agrees to comply with all booking procedures of GARZA. GARZA agrees to furnish HOCKLEY with a copy of the required forms and procedures, which must include Article 15.17 paperwork by your county. If the Article 15.17 Warnings and Determinations cannot be performed because of time of arrest we have zoom capabilities so your magistrate can conduct those proceedings online.

4. GARZA further agrees that should a prisoner be injured while being housed by GARZA that GARZA will within ten (10) hours notify HOCKLEY of said injury and provide HOCKLEY with copies of all incident report(s) relating to said injury.
5. The Garza County Sheriff reserves the right to refuse or remove any inmate from the Garza County Law Enforcement Center. HOCKLEY shall promptly arrange to take custody of it prisoner(s) if so requested by the Garza County Sheriff.
6. HOCKLEY shall be fully responsible and liable for all suits, damages, losses or expenses including reasonable attorney fees, but only in regard to transfer of prisoner(s) by HOCKLEY and duties herein assigned to HOCKLEY , specifically excluding the actual incarceration of prisoners by GARZA. HOCKLEY retains full liability for each inmate until the inmate has been booked in to the Garza County Law Enforcement Center.
7. GARZA shall be fully responsible and liable for all suits, damages, losses or expenses including reasonable attorney fees arising out of GARZA's performance or nonperformance of the services and duties herein stated, but only in regard to the actual holding and incarceration of prisoners by GARZA County Law Enforcement Center and specifically excluding the transfer of prisoner(s) by GARZA County Law Enforcement Center and specifically excluding the transfer of prisoners to and from GARZA unless transported by GARZA.
8. The term of agreement will be one (1) year commencing on October 1, 2021. It shall be automatically renewed thereafter unless either party gives notice of cancellation no less than sixty (60) days prior to the end of the contract term. Either party may seek to renegotiate this AGREEMENT no less than sixty (60) days prior to the end of the contract term.
9. In the event any HOCKLEY County prisoner has to go to UMC Hospital in Lubbock, they will either need to transport and furnish Officers to guard their prisoner or agree to pay Garza County at the rate of \$30.00 per hour per Officer. UMC requires 2 Officers per inmate 24 hours a day.

A) All transports will be responsibility of HOCKLEY County. Upon the event that HOCKLEY is unable to provide transportation of inmate, a fee of \$0.56 per mile will be reimbursed to Garza County for providing transportation if we have transport officer and vehicle available.

B) If HOCKLEY County needs five or more prisoners transported to or from their county, they will be required to pay for a second Officer at the rate of \$30.00 per hour. Garza County will furnish one Officer at no charge. This is for Officer Safety.

Dear Judge Baldrige,

Please accept this letter as my notice of resignation from my position as Librarian for Hockley County, effective July 23, 2021. I have been offered an opportunity with the South Plains College Library, which will allow me to gain further experience in librarianship.

Thank you for all the experience I have gained working for Hockley County. I have enjoyed working here and feel very fortunate for having the opportunity to do so. However, I feel that I need to move on to a position that allows for more growth in my professional career under the guidance of those with more experience in librarianship.

Please let me know what I can do to make this a smooth transition for Hockley County and the library staff.

Sincerely,

Managed Services Executive Summary

Version 2021.03

Prepared for:
Hockley County
Jun 18, 2021

Executive Summary

Welcome to CTSI's Managed Services Executive Summary Report. When assessing the health of your IT infrastructure it is important to look at many factors that may affect performance, security and availability. This report is a collection of data gathered from the most important devices within your infrastructure, which contribute to the overall performance and availability of your applications. It illustrates the overall usage of the server environment and the metrics associated with servers - CPU utilization, memory utilization and disk space utilization. It also provides an understanding of the Cyber Defense posture of the network infrastructure and of the users that rely on the infrastructure for their daily work routine. This report is designed to provide a snapshot of the managed network infrastructure and help management plan for the needs of today and the future.

Business Continuity

Below is a summary of your backup and business continuity related information. This section of the report is intended to give you an overview of the current status of server and/or workstation backups. As a baseline CTSI recommends that you backup all essential servers. These backups can either be local and/or located within a cloud environment.

Proactive Monitoring

The metrics below provide insight into the frequency of alerts from specific devices as well as current status in monitoring at the time this report was generated. A high frequency of alerts on a specific device may indicate hardware or software issues that may be impacting the effectiveness of the device itself, or the effectiveness of other systems and users that may depend on the device.

Cyber Defense

This section provides important metrics related to security fitness and protection. It includes details on the status and effectiveness of email filtering, endpoint protection, DNS protection, and cyber security awareness. Active SIEM/SOC threat activity is also highlighted.

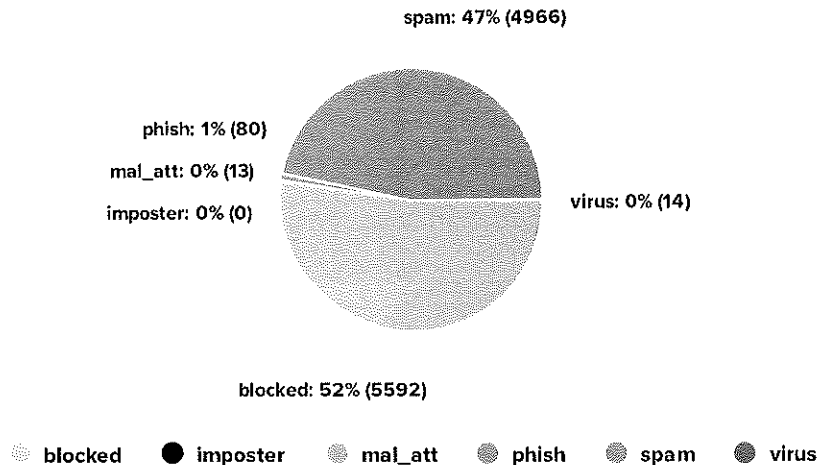

Email Defense

Email remains one of the top threats to an organization's cyber security. Through email a wide variety of malicious programs, exploits, spam, and social-engineering tactics can be disseminated. The following data shows your email volume and the number of threats eliminated for the past 90 days.

Inbound Email Threat Protection Detail (Past 90 Days)

Email Protection

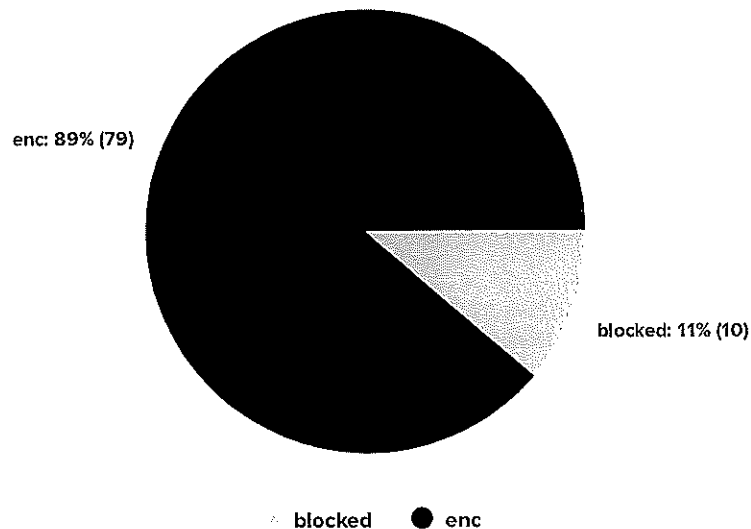

Email is often subject to the unintentional disclosure of information. Most emails are stored and transmitted in clear text, making them easily readable by 3rd parties such as your email provider or cyber criminals. Email encryption secures email messages to protect the content from being read by entities other than the intended recipients. It is also important to block any outgoing email that contains viruses, malicious programs, or any sensitive information that is not fully encrypted. The following metrics show your outgoing email volume and the number of encrypted and blocked emails for the past 90 days.

Patching

Operating system (OS) patching is an important part of keeping IT systems and applications in your environment safe from malicious users that exploit vulnerabilities. The following metrics indicate the numbers of devices on your network being patched and their patch compliance status. Patch compliance is critical to network security and is heavily dependent on the cooperation of every member of your organization.

Endpoint Protection

Endpoint Protection combines anti-virus, anti-spyware, intrusion detection/prevention, a personal firewall and other endpoint protection solutions to provide another vital layer of security in the network. It is important that all endpoint devices, such as servers, workstations and laptops maintain up-to-date and current endpoint protection software. The following metrics indicate the state of endpoint protection compliance on your network.

DNS Protection

DNS-layer security provides the fastest and easiest way to improve your cyber security. It helps improve security visibility, detect compromised systems, and protect your users on and off the network by stopping threats over any port or protocol before they reach your network or endpoints.

DNS Threat Categories:

- allSecurity the total number of security events, blocked or not.
- blocked total number of blocked DNS queries.
- contained blocked command and control (botnet) and phishing categories.
- prevented blocked malware, potentially harmful threats and DNS tunneling VPN categories.
- security total number of DNS requests that matched a security category and were blocked.

Cisco Umbrella DNS Protection

Security Incident and Event Management

The Security Information & Event Management (SIEM) tool is a service that correlates and monitors the near real-time security logs from devices and servers on the network and presents any malicious activity to the Security Operations Center(SOC). It also logs qualified events and alerts whenever there is an incident. It may also create tickets and send alerts when integrated with other tools. The metrics below indicate the number of active alerts for the past month.

Security Training and Awareness

Our Cyber Defense Services include additional benefits like user security awareness training, simulated phishing campaigns, and security management. The following metrics show how your organization is doing on your security training and awareness benefits. These are critical to safeguarding the security of your critical data and protected information. The Employee Security Awareness Score (ESS) is particularly important as it measures your employees security awareness and their susceptibility to highly dangerous phishing and other social-engineering attacks.
