2019 HOME CARE AND HOSPICE MONTH PROCLAMATION

While many Texans suffering from illness or injuries receive quality care from dedicated health care professionals in hospitals or other facilities, some Texans need or prefer a more comfortable, intimate setting.

Home care and hospice organizations meet this need by providing individualized and professional medical care and assistance to the elderly, disabled and chronically ill. The simple yet powerful comfort of a home setting is a key feature of these services that offer excellent care that helps patients achieve a better quality of life.

During the month of November, an awareness campaign is conducted to highlight home care and hospice as alternatives to hospitalization and other forms of institutional health care and hospice as alternatives to hospitalization and other forms of institutional health care. Home care and hospice professional help their patients live every day to its fullest, and it is important for their commitment and skill to be recognized and commended.

As this time, I encourage all Texans to learn more about home care and hospice options and the invaluable contributions of all Texas Health care providers.

Now, therefore, We, the Hockley County Commissioners Court do hereby proclaim November 2019 as "HOME CARE AND HOSPICE MONTH" and encourage the support and participation of all citizens in learning more about the home care and hospice philosophy of care for the elderly, disabled and the terminally ill.

In witness whereof I have hereunto set my hand and caused this seal to be affixed.

INDEPENDENT AUDITOR'S REPORT

To the Hockley County Commissioners' Court
Hockley County, Texas
802 Houston St.
Levelland, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Hockley County, Texas, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Hockley County, Texas, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Hockley County, Texas has not presented the management's discussion and analysis (MD&A) that the Governmental Accounting Standards Board has determined necessary to supplement, although not required to be a part of, the basic financial statements.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hockley County, Texas' basic financial statements. The introductory section, combining nonmajor fund financial statements, and other schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The introductory section, combining nonmajor fund financial statements and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the introductory section, combining nonmajor fund financial statements and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2019, on our consideration of Hockley County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hockley County, Texas' internal control over financial reporting and compliance.

Respectfully submitted,

FOR THE YEAR ENDED DECEMBER 31, 2018

Total Fund Balances - Governmental Funds	\$	19,911,562
The County uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other governmental funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. The net effect of this consolidation is to increase (decrease) net position.		3,455
Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase (decrease) net position.		22,509,489
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2018 capital outlays and debt principal payments is to increase (decrease) net position.		3,198,086
Included in the noncurrent liabilities is the recognition of the County's net pension liability required by GASB 68 in the amount of (\$ 1,554,888), a deferred resource inflow in the amount of (\$ 553,675), and a deferred resource outflow in the amount of \$ 917,240. This resulted in a decrease in net position by (\$ 1,191,323).		(1,191,323)
The 2018 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.		(1,834,104)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, eliminating interfund transactions, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net position.		9,447,056

 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED DECEMBER 31, 2018

Total Net Change in Fund Balances - Governmental Funds	\$	(587,651)
The county uses some internal service funds to charge the costs of certain activities primarily to the governmental funds. The net income (loss) of these internal service funds are reported with governmental activities. The net effect of this consolidation is to increase (decrease) the change in net position.		(822)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2018 capital outlays and debt principal payments is to increase (decrease) the change in net position.		3,198,086
The implementation of GASB 68 required that certain expenditures be de-expended and recorded as deferred outflows. The contributions made after the measurement date of 12/31/17 cause an increase in the ending net position in the amount of \$653,533. Contributions made before the measurement date but after the previous measurement date were reversed from deferred source outflows and recorded as current year expense. This causes a decrease in the change in net position totaling (\$ 611,866). The County's reported TCDRS net position expense had to be recorded. The net position expense increased the change in net position by (\$101,845). The result of these changes in to increase the change in net position by (\$60,178).		(60,178)
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease the change in net position.		(1,834,104)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, eliminating interfund transactions, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) the change in net position.		941,412

HOCKLEY COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hockley County, Texas (the "County") is a political subdivision and was created in 1921 under the provisions of the State of Texas. The County operates under an elected Commissioners' Court form of government. The County's major operations include county road maintenance, principally within the unincorporated areas of the County, law enforcement, court system maintenance and recording services, and health and social services.

The County prepares its basic financial statements in conformity with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in *Statement on Auditing Standards No. 69* of the American Institute of Certified Public Accountants; and the requirements of contracts and grants of agencies from which it receives funds. The following is a summary of the more significant accounting policies the County utilizes to prepare its basic financial statements.

1. REPORTING ENTITY

The members of the County's Commissioners' Court ("Court") are elected by the public, and the Court has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in *GASB 61 – The Financial Reporting Entity: Omnibus* (GASB 61). Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise control. The most significant manifestation of this ability is financial interdependency. Other manifestations of this ability include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relations, regardless of whether the government is able to exercise control.

Blended Component Unit

Hockley County Industrial Development Corporation – the Corporation is a non-profit industrial development corporation of the State of Texas created with the approval of the Commissioners' Court pursuant to the Development Corporation Act of 1979, as amended, for the purpose of promoting and developing industrial and manufacturing enterprises in order to eliminate unemployment and underemployment, and promoting and encouraging employment and the public welfare of, for, and on behalf of the County.

The Commissioners' Court appoints all five Directors, and can remove them at will. The Court can also change the structure, organization, programs, or activities of the Corporation, and it may terminate or dissolve the Corporation. The Corporation was incorporated on January 30, 2004, and as of December 31, 2018, no financial transactions had taken place.

2. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of Hockley County, Texas' non-fiduciary activities. Eliminations have been made to minimize the duplication of internal activities. These statements distinguish between *Governmental activities*, which include programs supported primarily by taxes, intergovernmental revenues and other non-exchange transactions, and *Business-type activities*, which include operations that rely to a significant extent on fees and charges for support.

2. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Statement of Activities presents a comparison between expense and program revenues for each function of the County's governmental and business-type activities. Direct expenses are those that specifically associate with a program or function and therefore are clearly identifiable to a particular function. Program revenues typically include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational and capital requirements of a particular program. If revenues are not considered program revenues, they are considered general revenues used to support all of the County's functions. Taxes are always general revenues.

Interfund activities within governmental funds and between governmental and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and the Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions within governmental funds and between governmental and internal service funds are eliminated on the government-wide statements. Interfund activities between governmental and enterprise funds remain on the government-wide statements and appear on the government-wide Statement of Net Position as internal balances and on the Statement of Activities as interfund transfers. Interfund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide Statement of Net Position.

Fund Financial Statements

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. Remaining governmental funds, internal service funds and fiduciary funds are reported as nonmajor funds.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The County considers all revenues available if they are collectible within 60 days after year end. Revenues not considered available are recorded as deferred inflows of resources. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are only recorded when payment is due.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

2. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the state are recognized under the "susceptible to accrual" concept. In applying the susceptible-to-accrual concept to intergovernmental revenues, there are essentially two types of revenues. In one type, monies are expended on the specific purpose or project before any amounts will be paid to the County; therefore, revenues are recognized based upon the expenditures incurred. In the other type, monies are virtually unrestricted and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Property taxes are recognized as revenue in the year for which the taxes are levied if they will be collected within 60 days of the end of the fiscal year. Sales tax, fines and forfeitures, and miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the County to refund all or part of the unused amount.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues result from providing goods and services in connection with a proprietary fund's principal ongoing operations; they usually come from exchange or exchange-like transactions. All other revenues are non-operating. Operating expenses can be tied specifically to the production of the goods and services, such as materials and labor and direct overhead. Other expenses are non-operating.

The proprietary fund types and fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

The County reports the following major governmental funds:

General Fund – The General Fund is the County's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

I & S Multipurpose Events Center Debt Service Fund – The debt service fund accounts for the resources accumulated and payments made for principal and interest on the long-term debt associated with construction of the Mallet Multipurpose Events Center.

Nonmajor Governmental funds are used to account for the County's expendable financial resources and related liabilities (except those accounted for in the proprietary funds). Currently, the County maintains several special revenue funds as nonmajor funds.

The County reports the following fund types as nonmajor governmental funds:

Special Revenue Funds – The County accounts for resources restricted to, or designated for, specific purposes by the County or a grantor in special revenue funds. Some federal and state financial assistance is accounted for in special revenue funds, and sometimes unused balances must be returned to the grantor at the close of specified project periods. The County has twenty-three funds designated as special revenue funds.

2. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)

With the implementation of GASB 54, the County now reports fund balances of governmental funds in the following classifications depending on the relative strength of the spending constraints placed on the purpose for which resources can be used:

Nonspendable Fund Balance – Represents the amount that cannot be spent because the assets are either not in a spendable form (such as inventory or prepaid insurance) or are legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – Represents the amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance – Represents amounts that can only be used for a specific purpose because of a formal action by the County's Commissioners' Court. Committed amounts cannot be used for any other purpose unless the Commissioners' Court removes the restrictions by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Commissioners' Court. Commitments are typically done through adoption and amendment of the budget. Committed fund balances differ from restricted balances in that the constraints on the funds' usage is internally generated, rather from external sources, constitutional provisions, or enabling legislation.

Assigned Fund Balance – Represents amounts which the County intends to use for a specific purpose but does not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Commissioners' Court or by an official or body to which the Commissioners' Court delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the General Fund convey that the intended use of the amounts is for a specific purpose that is narrower than the general purpose of the County itself. The Commissioners have not yet delegated authority to assign fund balance amounts to a specific individual.

Unassigned Fund Balance – Represents amounts which are unconstrained in that they may be spent for any purpose. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative fund balance in this classification because of overspending for specific purposes for which amounts have been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Proprietary funds are used to account for activities that are similar to those often found in the private sector. Currently, the County reports two enterprise funds and one internal service fund as its proprietary funds. None of these funds are considered major funds. The enterprise funds are used to account for services and supplies provided to the inmates of the County's jail. The internal service fund accounts for medical care provided to the employees of the County. These funds are intended to be entirely or predominantly self-supported through user charges to customers.

Currently, the County maintains the following types of proprietary funds:

Enterprise Funds – The County's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in enterprise funds. The County has two enterprise funds.

HOCKLEY COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (CONT.)
YEAR ENDED DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

2. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)

Internal Service Funds – Revenues and expenses related to services provided to organizations inside the County on a cost reimbursement basis are accounted for in internal service funds. The County currently has one internal service fund. Internal service funds are reported as proprietary funds at the fund level, but are combined with the governmental funds at the government-wide financial statement level, and are reconciling items.

Hockley County has adopted the provisions of Statement 34 of the Governmental Accounting Standards Board - *Basic Financial Statements – and Management’s Discussion and Analysis – For State and Local Governments* (GASB 34). This statement established standards for external financial reporting for all state and local government entities, which includes statements of net position, revenues, expenses and changes in net position, and a direct method for the statement of cash flows for proprietary funds. GASB 34 requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These components are reported in the proprietary fund financial statements as well in the government-wide financial statements. These classifications are defined as follows:

Net Investment in Capital Assets - This component consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes or other borrowings that are attributed to the acquisition, construction, or improvement of the capital assets.

Restricted – This component consists of net positions which are restricted through external constraints either by creditors, grantors, contributors, laws or regulations of other governments, or through constitutional provisions or enabling legislation.

Unrestricted - This component consists of the net positions which do not meet the definition of the first two categories.

Additionally, the County maintains and reports the following fiduciary funds:

Agency Funds – The County accounts for resources held in a custodial capacity in agency funds. This includes amounts received for County operations but not transferred to the governmental funds. The County has twenty-two agency funds.

3. OTHER ACCOUNTING POLICIES

- a. For purposes of the statement of cash flows for proprietary funds, the County considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
- b. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the General Fund. All appropriations lapse at the end of each fiscal year, and encumbrances outstanding at that time are either cancelled or appropriately provided for in the subsequent year's budget. Encumbrances do not constitute expenditures or liabilities.
- c. Capital assets, which include land, buildings, furniture, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than; \$5,000 for equipment and machinery; \$100,000 for buildings (and building improvements) and infrastructure; and an estimated useful life in excess of two years. Land is always capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

HOCKLEY COUNTY, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (CONT.)
 YEAR ENDED DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

3. OTHER ACCOUNTING POLICIES (Cont.)

c. (cont.) The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Buildings, furniture, and equipment of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40
Building Improvements	15-25
Infrastructure	20-25
Vehicles	5
Office Equipment	5-10
Machinery & Equipment	5-30
Water Rights	12-40

- d. Since internal service funds support the operations of governmental funds, they are consolidated with the governmental funds in the government-wide financial statements. The expenditures of governmental funds that create the revenues of internal service funds are eliminated to avoid "grossing up" the revenues and expenses of the County as a whole.
- e. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- f. County employees are entitled to certain compensated absences based on their length of employment. Except for extenuating circumstances, compensated absences do not vest or accumulate and are recorded as expenditures when they are paid.
- g. When the County incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever they will have to be returned if they are not used.
- h. Any inventory or materials and supplies on hand at year-end are considered insignificant, and, therefore, not reflected in the financial statements. A small inventory of food and supplies is kept for the inmates in the Sheriff's Commissary Fund.
- i. FASB ASC 855-10-50-1 requires reporting entities to disclose the date through which subsequent events have been evaluated and whether that date is the date the financial statements were issued or available to be issued. Management has evaluated subsequent events through the date on the auditor's report, the date the financial statements were available to be issued.
- j. The County is exposed to various risks of loss related to torts; errors and omissions; violations of civil rights; theft of, damage to, and destruction of assets; natural disasters; injuries to employees; and other claims of various natures. The County participates in both the Texas Association of Counties Intergovernmental Risk Pool (TAC Pool) and the West Texas Rural Counties Association, which provide protection for risks of loss. TAC Pool was established by the Texas Association of Counties to provide self-insurance for its members and to obtain lower costs for insurance. The County pays annual premiums for liability, property, workers' compensation, and unemployment coverage. Annual contribution rates are determined by each Pool Board. Such rates are estimated to include all claims expected to occur during the policy period, including claims incurred but not reported.

HOCKLEY COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (CONT.)
YEAR ENDED DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

3. OTHER ACCOUNTING POLICIES (Cont.)

j. (cont.) TAC Pool has established Claims Reserves for each of the types of insurance offered. Thus, although TAC Pool is a self-insured risk pool, members are not contingently liable for claims filed above the amount of the fixed annual contributions and the member's policies' deductibles. If losses incurred are significantly higher than actuarially estimated, TAC Pool adjusts the contribution rate for subsequent years. Members are also entitled to returns of contributions if actual results are more favorable than estimated. Any losses reported but unsettled or incurred and not reported are believed to be insignificant to the County's basic financial statements.

TAC Pool also makes available to the County loss control services to assist the County in following a plan of loss control that may result in reduced losses. The County agrees that it will cooperate in instituting any and all reasonable loss control recommendations made by TAC Pool.

For the year ended December 31, 2018, the County contributed \$273,671 for its property, liability, workers' compensation, and unemployment coverage.

The County also carries insurance on most other risks of loss including employee health and accident insurance and surety bond coverage.

No significant reductions in insurance coverage occurred in the past fiscal year, and settled claims have not exceeded insurance coverage in any of the past three fiscal years.

k. In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The County has the following items that qualify for reporting in that category:

- Deferred outflow related to pensions, which result from pension contributions after the measurement date (deferred and recognized in the following fiscal year) and differences in projected and actual earnings on pension liabilities. This amount is amortized over a five year period.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has the following items that qualify for reporting on the government-wide statement of net position.

- Deferred inflow related to pensions, which result from differences in projected and actual earnings on pension liabilities. This amount is amortized over a five year period.

Additionally, the County has one type of this item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported on in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

4. BUDGETARY DATA

The State of Texas requires annual budgets to be prepared for the general and special revenue funds. The budgets are prepared on the cash basis (budget basis) in order to comply with the Constitution of the State of Texas. The County Commissioners' Court, on a departmental basis, exercises budgetary controls over expenditures. The actual results of operations for the County's General Fund are presented in Exhibit G-1 in accordance with the budget (cash) basis to

4. BUDGETARY DATA (cont.)

provide a meaningful comparison of actual results with the original and final budget. The differences between the cash basis (budget basis) and the modified accrual basis (generally accepted accounting principles [GAAP] basis) are that revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP) and expenditures are recorded when paid (budget) as opposed to when incurred (GAAP).

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. As required by the State of Texas, the County Judge, with the assistance of the County Auditor, prepares an annual budget prior to the beginning of the fiscal year. Budgeted funds include the general and special revenue funds.
2. The budget is filed in the County Clerk's office and is open to public inspection. The Commissioners' Court is required to hold at least one public hearing on the budget no less than 15 days subsequent to the filing by the County Judge.
3. The budget is then adopted at the conclusion of the last public hearing by the favorable votes of a majority of the members of the Commissioners' Court. The original budget was adopted by the Commissioners' Court on August 28, 2017, in accordance with the above process. The final fiscal 2018 budget revision was adopted by the Commissioners' Court on October 15, 2018.
4. The Commissioners' Court approves all revisions of the budget, including transfers of budgeted amounts between departments within a specific fund, transfers between funds, and increases to total expenditures of any fund.
5. The fiscal 2018 budget was prepared on the cash basis using estimated beginning and ending cash balances. There is not a significant difference in the budgeted revenues and expenditures between the cash basis and the modified accrual basis.

NOTE B - CASH DEPOSITS AND INVESTMENTS

Compliance with the Public Funds Investment Act – The County's investment policies are governed by State statutes and County ordinances. The Public Funds Investment Act (PFIA, Chapter 2256) requires the County to adopt, implement, and publicize the investment policy which covers specific provisions in the Act regarding investment practices, management reporting, and policy establishment. The investment policy is available for public inspection at the Hockley County Courthouse. The PFIA establishes authorized investment vehicles for the County. The County is in substantial compliance with the PFIA at the end of the 2018 fiscal year.

Restricted Cash - Under the normal course of conducting its activities, Hockley County will become the custodian of funds that can only be paid on behalf of, for, or to certain third-party beneficiaries. These funds are held in either bank accounts or short-term certificates of deposit until use of the funds is required. As of December 31, 2018, Hockley County had restricted cash in the amount of \$112,274 that was payable to third-party beneficiaries held in the Agency funds.

Custodial Credit Risk for Deposits – Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County manages its custodial credit risk by depositing its funds with institutions participating in the FDIC insurance programs and is able to collateralize the deposits in accordance with State statutes.

State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent.

NOTE B - CASH DEPOSITS AND INVESTMENTS (cont.)

In accordance with the FDIC, funds owned by the County are public unit deposits. Time deposits, savings deposits, and interest bearing NOW accounts of a public unit held at a financial institution will be insured up to \$250,000 in aggregate and separate from the coverage for public unit demand deposits held at the same institution. All County deposits at December 31, 2018 were covered by the federal depository insurance, a line of credit or the financial institution's pledged collateral, and were not subject to custodial credit risk.

The County's deposits and collateralization by institution as of December 31, 2018 are as follows:

Hockley County's business-type activities had no capital assets as of December 31, 2018.

NOTE D - INTERFUND BALANCES AND TRANSFERS

Transactions between funds that would be treated as revenues, expenditures, or expenses if they involved organizations external to the governmental unit are accounted for as revenues, expenditures, or expenses in the funds involved. Reimbursements from one fund to another for expenditures or expenses already made are recorded as expenditures or expenses in the reimbursing fund. Non-recurring or non-routine transfers of equity between funds are treated as residual equity transfers and are reported as additions to or deductions from the fund balance of governmental funds. All other transfers are treated as operating transfers and are included in the results of operations of the governmental funds.

The County had the following interfund balances as of the end of the year:

Due From	General Fund	Debt Service Fund	Special Revenue Funds	Totals
Agency Funds	<u>\$ 6,104,477</u>	<u>\$ 133</u>	<u>\$ 2,478,480</u>	<u>\$ 8,583,090</u>
Totals	<u>\$ 6,104,477</u>	<u>\$ 133</u>	<u>\$ 2,478,480</u>	<u>\$ 8,583,090</u>

During the year ended December 31, 2018, the County transferred \$500,000 from the General Fund to the Mallet MPEC Operating Fund for general operation purposes, and \$1,660,000 from the General fund to the I&S Multi-Purpose Events Center fund to cover for the bond payment.

NOTE E - BONDS PAYABLE

Hockley County, Texas issued a \$14,515,000 General Obligation Bond, Series 2009, for the construction and related equipment of the Mallet Multipurpose Event Center in September, 2009 with an interest rate of 3.04%. The bonds were payable over a ten year period, beginning February 15, 2010 and maturing February 15, 2019. The \$668,016 in bond premiums is being amortized on a straight-line basis over the life of the bonds. As of December 31, 2017, the outstanding unamortized premium is \$79,458. Designated property tax levies and revenues from the MPEC are to be used to fund the debt service.

NOTE F - LEASES

The County did not have any capital leases in effect as of December 31, 2018. The County leases multiple units of office equipment for several departments under multiple operating leases expiring in September, 2024. The County pays approximately \$3,317 in monthly lease payments for the equipment. Total payments for the fiscal year 2018 were approximately \$39,804.

NOTE G - PROPERTY TAXES

In accordance with state law, all appraisals of County property for tax purposes are made by the county-wide appraisal authority, Hockley County Appraisal District. Assessed values are based upon 100 percent of appraised market value and are reviewed every three years. Taxpayers have the right to challenge the assessed value.

The County's property taxes are levied each October 1 based upon 100 percent of the assessed value listed as of the prior January 1 for all real and business personal property located in the County in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property by state law to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the County's fiscal year.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General Fund, the special revenue funds, and the debt service funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the County is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

The County's fiscal year is the calendar year, while the tax years have a September 30 year end. This overlap in fiscal year requires the County to recognize the 2018 tax levy as income for government-wide financial statement purposes under the full accrual basis of accounting, but only recognize what is collected during the fiscal year as revenue for the governmental fund financial statements. The remainder of the 2018 tax levy is reported as a tax receivable and a deferred inflow in the governmental funds.

The tax rates for the 2018 fiscal year (2017 and 2018 tax levies) are \$0.56409 and \$0.53388 per \$100 assessed value for County operations, respectively. The maximum allowable tax rate for the County is \$1.10 for each \$100 assessed value. The County is subject to a tax rate rollback if the total amount of property taxes imposed in any year, as defined by statute, exceeds the total amount of property taxes imposed in the preceding year, as defined by statute, by 8%.

HOCKLEY COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (CONT.)
YEAR ENDED DECEMBER 31, 2018

NOTE G - PROPERTY TAXES (cont.)

The original appraised taxable values upon which the 2017 and 2018 tax levies are based are \$2,124,056,018 and \$2,293,764,369, respectively, resulting in tax levies of \$12,414,454 and \$13,204,324 respectively after supplemental adjustments made by the Hockley County Appraisal District. The County has collected approximately 98.43% of 2017's tax levy and 30.33% of 2018's levy as of December 31, 2018.

Concentration of Risk – A significant percentage of the County's property tax revenue comes from the oil and gas industry. Should the industry continue to decline in production, the County's revenue and resulting services may be severely impacted.

NOTE H - MEDICAL/HEALTH CARE COVERAGE – SELF-INSURANCE FUND

The County utilized an internal service fund to account for its medical self-insurance program until June 1, 2006. The purpose of this fund was to pay medical insurance claims of the County employees and their covered dependents and minimize the total costs of annual insurance to the County. Employees who had met the requirements necessary to be classified as "fully vested" remained on the medical and health plan for life, while employees not "fully vested" were eligible to remain on the medical and health plan in accordance with laws established by COBRA. Such laws provide different time limits depending on whether the employment separation was due to voluntary or involuntary termination.

A private insurance carrier determined premium payments to be made by the County. Any dependent coverage was funded by charges to employees. Annual claims were paid from accumulated premium payments, and claims exceeding specified limits are paid by the private insurance carrier.

Beginning June 1, 2006, the County discontinued the self-insurance fund and converted to Blue Cross Blue Shield of Texas for health insurance benefits. The Texas Association of Counties Health Benefits Department serves as plan administrator. The County pays premiums for full-time employees. Employees may add spouses and children and pay premiums through payroll deductions. For the calendar year 2018, the County paid approximately \$1,638,386 for health insurance.

The internal service fund is still active to account for any pending claims under the old self-insurance program. Activity for the 2018 fiscal year reported \$438 in operating revenues, \$1,360 in expenditures and \$100 in interest income in the fund. The fund has a cash balance of \$3,455 at December 31, 2018.

NOTE I - PENSION PLAN

Hockley County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined pension plan through the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system, consisting of 677 nontraditional defined pension plans from various county and district governmental entities statewide. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon request through TCDRS, PO Box 2034, Austin, TX 78768-2034, or through the www.tcdrs.org website.

Benefits Provided - The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at age 60 or above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of the member's age and years of service equal 80 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed contributions. Members who withdraw their personal contributions in a lump sum prior to retirement are not entitled to the employer contributions.

HOCKLEY COUNTY, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (CONT.)
 YEAR ENDED DECEMBER 31, 2018

NOTE I - PENSION PLAN (cont.)

Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Contributions – The contribution rates for employees in TCDRS are either 4%, 5%, 6% or 7% of the employee's gross earnings, as adopted by the County's governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Employer contribution rates are determined annually and approved by the TCDRS Board of Trustees. The employee deposit rate and the employer contribution rate may be changed by the governing body of the County within the options available to the TCDRS Act.

Employees for the Hockley County are required to contribute 7.00% of their annual gross earnings during the fiscal year. The contribution rates for the County were 12.22% and 12.90% in calendar 2017 and 2018, respectively. The County's contributions to TCDRS for the year ended December 31, 2018 were \$653,533 and were equal to the required contributions.

Net Pension Liability – Hockley County's Net Pension Liability (NPL) was measured as of December 31, 2017, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date. The December 31, 2017 actuarial valuation is the most recent valuation.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TDCRS's investment consultants and are based on January 2018 information for a 10-year time horizon.

NOTE I - PENSION PLAN (cont.)

Discount Rate – The discount rate used to measure the Total Pension Liability was 8.1%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan’s Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine Total Pension Liability.

HOCKLEY COUNTY, TEXAS
 NOTES TO SCHEDULE OF CONTRIBUTIONS
 FOR THE YEAR ENDED DECEMBER 31, 2018

Valuation Date: Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry age
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	11.2 years
Asset Valuation Method	5-yr smoothed market
Inflation	2.8%
Salary Increases	Varies by age and service. 4.9% average over career including inflation.
Investment Rate of Return	8.0%, net of investment expenses, including inflation.
Retirement Age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Other Information:	There were no benefit changes during the year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Hockley County Commissioners' Court
Hockley County, Texas
802 Houston St.
Levelland, Texas 79336

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Hockley County, Texas (County), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise Hockley County, Texas' basic financial statements, and have issued our report thereon dated October 15, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hockley County, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hockley County, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of Hockley County, Texas' internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

In connection with our engagement to audit the financial statements of Hockley County, Texas, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information and use of the Commissioners' Court, management, others within the County, federal and state awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Sharla Baldrige
Hockley County Judge

Dear Judge Baldrige

After a tremendous amount of soul searching, I have decided to retire this year effective December 31, 2019. It was not an easy decision to make, but I believe that it is the correct decision for myself and my husband.

It has been a great honor to serve the citizens of Hockley County as a Justice of the Peace for Precinct 5. I truly appreciate the hard working people of this county and hope that I have served it well. I also want to thank all of you for the support that I have received.

I respectfully submit this notice to you and to the County Commissioners and wish the best for everyone. I have been genuinely blessed to be a part of the Hockley County family.

Sincerely

Brenda Nock

Motion by Commissioner Carter, second by Commissioner Thrash, 3 Votes Yes, 0 Votes No, that the Commissioners Court approved a road crossing for Occidental Permian, LTD. On Roughneck Road in Precinct 2 to lay, construct, operate and maintain pipelines across certain county roads situated in Hockley County, Texas as per Petition and Order recorded below.

VOL. 69 Page 289

BEFORE THE HONORABLE BOARD OF COUNTY COMMISSIONERS
HOCKLEY COUNTY, TEXAS

IN THE MATTER OF THE APPLICATION OF OCCIDENTAL PERMIAN, LTD FOR
AUTHORITY TO USE A PART OF THE PUBLIC ROADS OF HOCKLEY COUNTY, TEXAS

ORDER

This cause coming on to be upon the petition of OCCIDENTAL PERMIAN, LTD., hereinafter referred to as "Petitioner". The Board finds that in order that Petitioner may carry out its corporate objects and powers, it is necessary for it to lay, construct, operate and maintain pipelines across certain county roads situated in Hockley County, Texas, Levelland Unit as set forth in the Petitioner's application filed herein.

THEREFORE, IT IS HEREBY ORDERED that, subject to the conditions herein after set forth, said Petitioner, OCCIDENTAL PERMIAN, LTD., is hereby granted permission and authority to lay, construct, operate and maintain pipelines across certain county roads at the locations set forth in Exhibits "A" and "B" attached to the application of Petitioner herein, which Exhibits "A" and "B" and application are hereby made a part of this order as fully as if set out in length herein provided.

1. The Petitioner shall, in constructing said pipelines undercrossing cause the very minimum of inconvenience and obstruction of public travel along said roads, and, further, shall operate and maintain said pipelines undercrossing in a manner so as not to inconvenience, endanger or obstruct public travel along said roads.
2. Upon the completion of each pipelines undercrossing constructed hereunder Petitioner shall immediately backfill, re-construct and replace the portions of the roads across which said pipelines are laid and constructed so that such roads shall be in equally as good a condition as prior to such construction.
3. So long as said pipelines are maintained and operated under said roads Petitioner shall be responsible for doing any work which, due to the existence of said pipelines undercrossings, needs to be done on said roads at the location thereof, all in order to maintain said roads, at such points, in a condition equal to other portions of said county roads.
4. Should Petitioner remove said pipelines from any of said roads, it will replace and recondition the road concerned, at the location of said removal, in substantially the same condition as it was prior to such removal, all liability of Petitioner for the maintenance and reconditioning of such roads shall cease as soon after such removal as the COUNTY OF HOCKLEY has approved the maintenance and reconditioning work done by Petitioner.
5. Petitioner agrees that if at any time the County of Hockley shall deem it necessary to make any improvements or changes on all of or any part of the right of way of the county roads which affect the Utility as located under this order, then and in such event, the Petitioner or his Assignee shall make such reasonable changes of its facilities located within such right of way as may be deemed necessary, such work to be done without cost to Hockley County, Texas.
6. The construction or laying of said pipelines by Petitioner hereunder shall be considered and shall constitute and acceptance of this order and of all of the terms and conditions herein set forth.
7. Petitioner agrees that if at any time the County of Hockley deems it necessary that these crossings be encased in accordance with the then existing State Highway specifications, Petitioner agrees to do so at its own expense.

BEFORE THE HONORABLE BOARD OF COUNTY COMMISSIONERS
HOCKLEY COUNTY, TEXAS

IN THE MATTER OF THE APPLICATION OF OCCIDENTIAL PERMIAN LTD., FOR
AUTHORITY TO USE A PART OF THE PUBLIC ROADS OF HOCKLEY COUNTY, TEXAS

PETITION

Comes now, the Petitioner, OCCIDENTIAL PERMIAN LTD., a corporation of the State of Texas, and petitions this Honorable Board for the right and authority to lay, construct, operate and maintain 1-3" Fiberglass pipelines under and across certain county roads situated in Hockley County, Texas, which said pipelines are to be used for the purpose of transporting oil, water, gas from the Petitioner's sources of supply to Petitioner's markets.

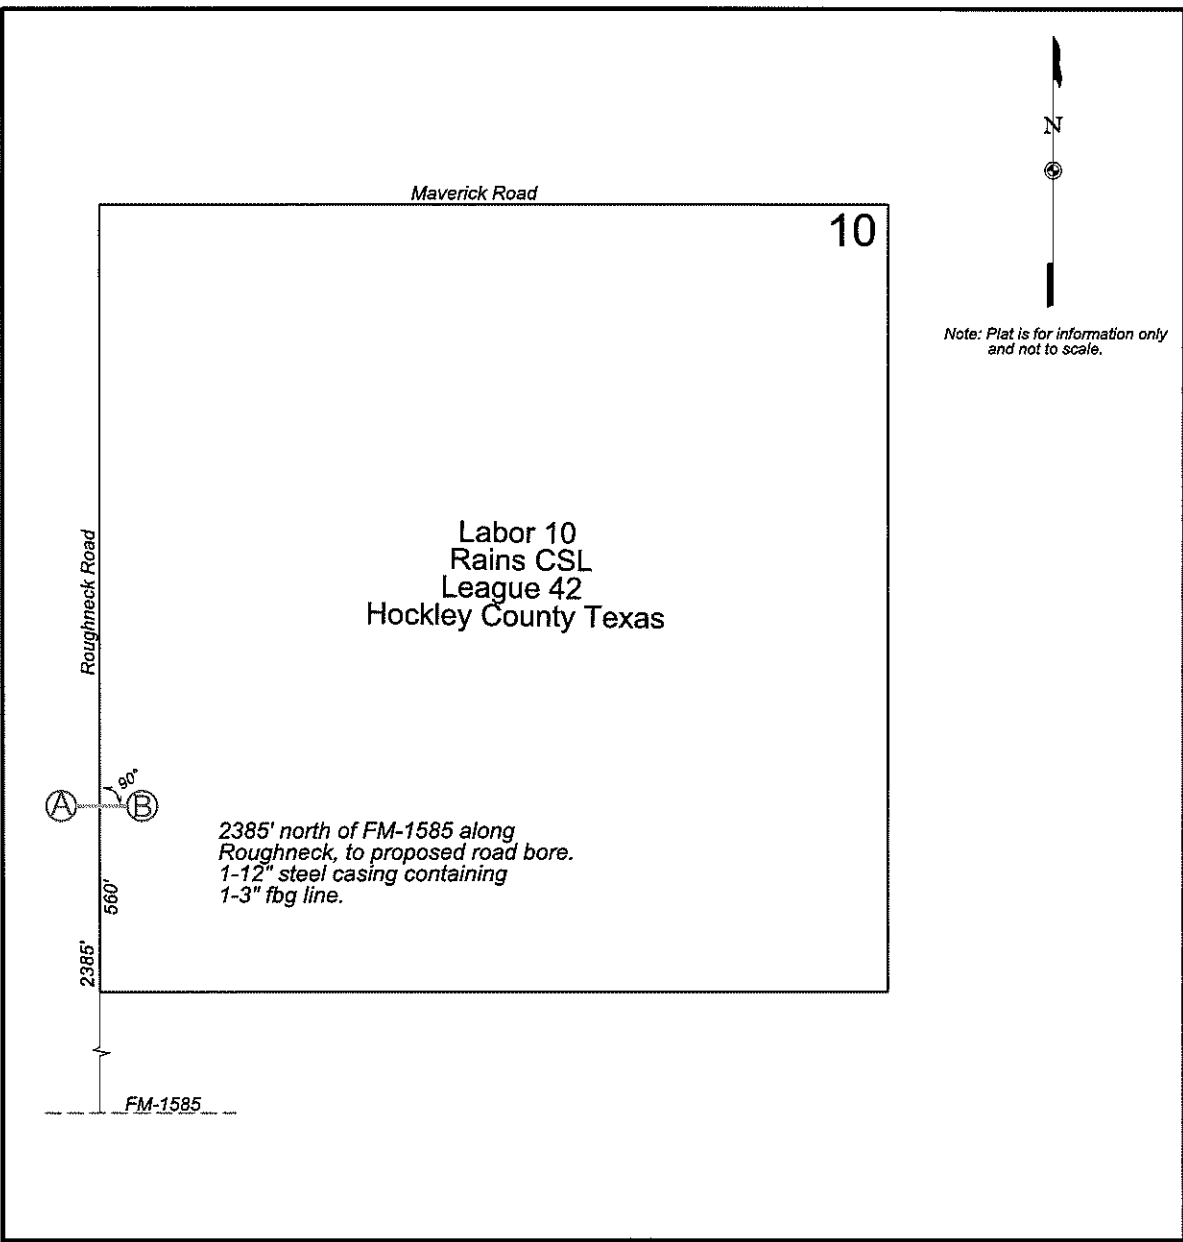

The location of the points at which Petitioner wishes to undercross said county roads with said pipelines and the general specifications are more particularly described on a map marked Exhibit "A" and general specifications marked Exhibit "B", all of which are attached hereto and made a part of this application. Petitioner represents and states that if granted the authority herein requested, it will conform with and abide by the rules of all persons and bodies having jurisdiction and by the following conditions:

1. The Petitioner shall, in constructing said pipelines undercrossings cause the very minimum of inconvenience and obstruction of public travel along said roads, and, further, shall operate and maintain said pipelines undercrossings in a manner so as not to inconvenience, endanger or obstruct public travel along said roads.
2. Upon the completion of each pipelines undercrossing constructed hereunder Petitioner shall immediately backfill, re-construct and replace the portions of the roads across which said pipelines are laid and constructed so that such roads shall be in equally as good a condition as prior to such construction.
3. So long as said pipelines are maintained and operated under said roads Petitioner shall be responsible for doing any work which, due to the existence of said pipelines undercrossings, needs to be done on said roads at the location thereof, all in order to maintain said roads, at such points, in a condition equal to other portions of said county roads.
4. Should Petitioner remove said pipelines from any of said roads, it will replace and recondition the road concerned, at the location of said removal, in substantially the same condition as it was prior to such removal, all liability of Petitioner for the maintenance and reconditioning of such roads shall cease as soon after such removal as the COUNTY OF HOCKLEY has approved the maintenance and reconditioning work done by Petitioner.
5. Petitioner agrees that if at any time the County of Hockley shall deem it necessary to make any improvements or changes on all of or any part of the right of way of the county roads which affect the Utility as located under this order, then and in such event, the Petitioner or his Assignee shall make such reasonable changes of its facilities located within such right of way as may be deemed necessary, such work to be done without cost to Hockley County, Texas.
6. The construction or laying of said pipelines by Petitioner hereunder shall be considered and shall constitute and acceptance of this order and of all of the terms and conditions herein set forth.
7. Petitioner agrees that if at any time the County of Hockley deems it necessary that these crossings be encased in accordance with the then existing State Highway specifications, Petitioner agrees to do so at its own expense.

Wherefore, your Petitioner respectfully prays that your Honorable Board enter and order herein authorizing Petitioner to use and occupy the portions of the roads in Hockley County, Texas, more particularly herein above set out and described and at the locations shown and set out in said Exhibits "A" and "B" attached to this application.
