**Keeping Texans
Safe at Home**
#HomeCareHospiceMonth

Dear County Judge Sprowls:

Millions of Texas citizens and all of our communities benefit from critical home care and hospice services provided to our state's Medicare, Medicaid and private-pay patients **by over 290,000 Texas home care and hospice employees** including nurses, therapists, home health aides and others throughout our State.

In the middle of this pandemic, home care and hospice has been a focal point for one of the greatest health care services providing dedicated healthcare professionals who provide vital services in the home setting throughout the Lone Star State. This celebration presents a prime opportunity to promote the benefits of our industry services to the public.

Home care and hospice has enjoyed tremendous, bi-partisan support as a way to provide quality health care in the home for some of Texas' most vulnerable population of all ages. Health care services in the home saves money within our health care system through reductions in more costly nursing home, hospitalization and other health care expenditures.

We have asked Governor Greg Abbott to declare November as Official Home Care and Hospice Month for the State of Texas, and as we approach November 2020, we ask that you please join in as we celebrate. So that your county can join us in, we would greatly appreciate you requesting your Commissioners' Court to pass a resolution for this observation.

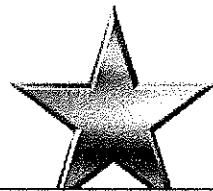

A sample proclamation can be found [HERE](#) that you can use as a model. Please email or fax us a copy of your proclamation so we may publicize to our members and the public at large.

Thank you for your consideration of this matter. Please feel free to contact us if you would like to receive any additional information on Home Care and Hospice Month, the role of Texas' home care and hospice industry, or if we can ever be of assistance.

Sincerely,

Becky Campbell, CMP
