# MPA Boundary – LMPD Proposed

## Metropolitan Planning Area (MPA)

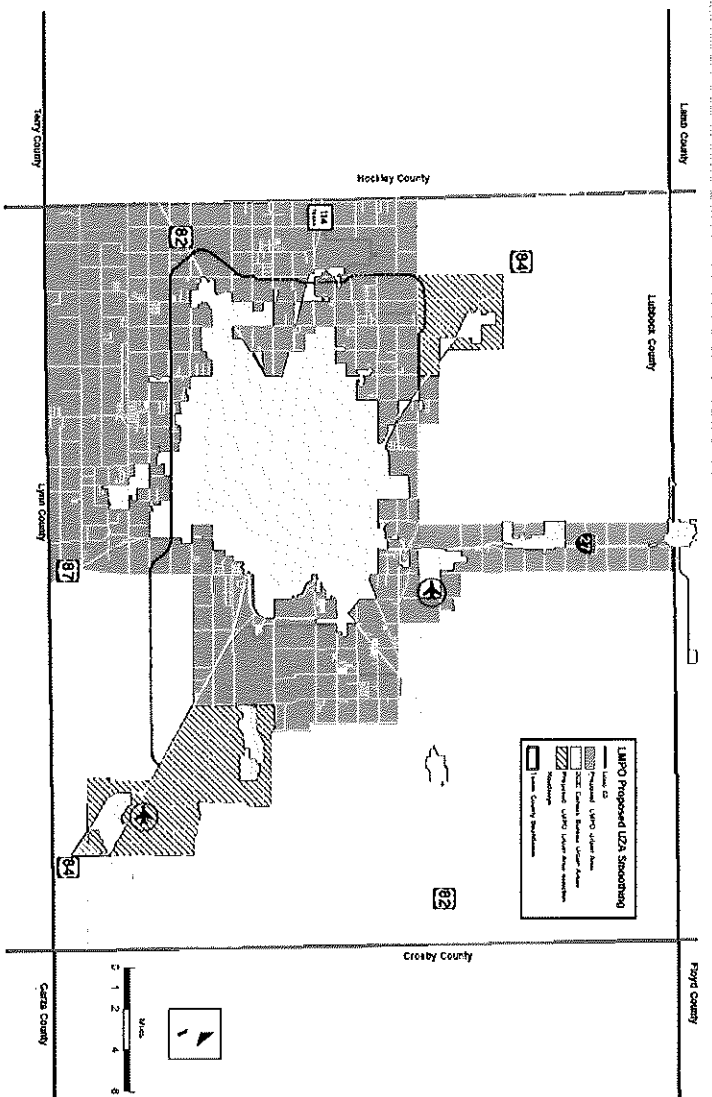

- The boundary in which the metropolitan transportation planning process must be carried out.
- The MPA must encompass the UZA(s) and the contiguous geographic area(s) likely to become urbanized within the next 20 years. In some cases, the MPA encompasses the entire metropolitan statistical area (MSA) or combined statistical area (CSA), as defined by the Office of Management and Budget (23 CFR 450.104).

## Metropolitan Statistical Area (MSA)

- MSAs consist of the core counties surrounding a UZA, plus adjacent counties with strong commuting patterns to and from the core counties.

## Combined Statistical Area (CSA)

- A CSA combines an MSA and one or more adjacent Metropolitan Statistical Areas defined by OMB.

## INDEPENDENT AUDITOR'S REPORT

Honorable Judge and County Commissioners' Court  
Hockley County, Texas

Levelland, Texas

### Report on the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Hockley County, Texas, (the County), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is

a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 25, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

HOCKLEY COUNTY, TEXAS  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE  
STATEMENT OF NET POSITION  
DECEMBER 31, 2022

---

|   |                             |
|---|-----------------------------|
| <b>Total Fund Balances - Governmental Funds</b>   | <b>\$ 31,095,848</b>        |
| The County uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other governmental funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. The net effect of this consolidation is to Increase net position. | 830                         |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term in the governmental activities is to increase net position.  | 23,808,549                  |
| Current year capital outlays are expenditures in the fund financial statements, but they should be shown as increases in capital assets in the government-wide financial statements. The net effect of including the 2022 capital outlays is to increase net position.  | 1,322,279                   |
| Current year capital asset disposals are revenues in the fund financial statements, but they should be shown as decreases in capital assets in the government-wide financial statements. The net effect of including the 2022 capital asset disposals is to decrease net position.  | (312,541)                   |
| Included in the noncurrent assets is the recognition of the County's net pension asset required by GASB 68 in the amount of \$3168,500, and a deferred resource inflow in the amount of (\$4,817,584), and a deferred resource outflow in the amount of \$1,552,773. This resulted in decrease in net position by (\$96,311).   | (96,311)                    |
| The 2022 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.  | (2,245,847)                 |
| Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue and eliminating interfund transactions. The net effect of these reclassifications and recognitions is to increase net position.                                   | 12,021,161                  |

HOCKLEY COUNTY, TEXAS  
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED DECEMBER 31, 2022

---

|  |                            |
|--|----------------------------|
| <b>Total Net Change in Fund Balances - Governmental Funds</b>  | <b>\$ 4,546,904</b>        |
| The county uses some internal service funds to charge the costs of certain activities primarily to the governmental funds. The net income (loss) of these internal service funds are reported with governmental activities. The net effect of this consolidation is to (decrease) the change in net position.  | (33)                       |
| Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2022 capital outlays and debt principal payments is to increase (decrease) the change in net position.  | 1,322,279                  |
| Current year capital asset disposals are revenues in the fund financial statements, but they should be shown as decreases in capital assets in the government-wide financial statements. The net effect of removing the 2022 capital asset disposals is to increase (decrease) the change in net position.   | (312,541)                  |
| The implementation of the requirements of GASB 68 for that certain expenditures be de-expanded and recorded as deferred resource outflows. These contributions made after the measurement date of 12/31/21 caused the change in the ending net position to increase in the amount of \$722,921. Contributions made before the measurement date but after the previous measurement date were reversed from deferred resource outflows and recorded as a current year expense. This caused a decrease in the change in net position totaling \$(728,526). The County's reported TCDRS net pension expense had to be recorded. The net pension expense increased the change in net position by \$1,268,280. The result of these changes is to increase the change in net position by \$1,262,675. | 1,262,675                  |
| Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease the change in net position.  | (2,245,847)                |
| Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, and eliminating interfund transactions. The net effect of these reclassifications and recognitions is to increase the change in net position.   | 2,041,992                  |

HOCKLEY COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Hockley County, Texas (the "County") is a political subdivision and was created in 1921 under the provisions of the State of Texas. The County operates under an elected Commissioners' Court form of government. The County's major operations include county road maintenance, principally within the unincorporated areas of the County, law enforcement, court system maintenance and recording services, and health and social services.

The County prepares its basic financial statements in conformity with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in *Statement on Auditing Standards No. 61* of the American Institute of Certified Public Accountants; and the requirements of contracts and grants of agencies from which it receives funds. The following is a summary of the more significant accounting policies the County utilizes to prepare its basic financial statements.

**A. REPORTING ENTITY**

The members of the County's Commissioners' Court ("Court") are elected by the public, and the Court has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in *GASB 61 – The Financial Reporting Entity: Omnibus* (GASB 61). Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise control. The most significant manifestation of this ability is financial interdependency. Other manifestations of this ability include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relations, regardless of whether the government is able to exercise control.

*Blended Component Unit*

**Hockley County Industrial Development Corporation** – the Corporation is a non-profit industrial development corporation of the State of Texas created with the approval of the Commissioners' Court pursuant to the Development Corporation Act of 1979, as amended, for the purpose of promoting and developing industrial and manufacturing enterprises in order to eliminate unemployment and underemployment, and promoting and encouraging employment and the public welfare of, for, and on behalf of the County.

The Commissioners' Court appoints all five Directors, and can remove them at will. The Court can also change the structure, organization, programs, or activities of the Corporation, and it may terminate or dissolve the Corporation. The Corporation was incorporated on January 30, 2004, and as of December 31, 2021, no financial transactions had taken place.

**B. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS**

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the County non-fiduciary activities. Eliminations have been made to minimize the duplication of internal activities. These statements distinguish between *Governmental activities*, which include programs supported primarily by taxes, intergovernmental revenues and other non-exchange transactions, and *Business-type activities*, which include operations that rely to a significant extent on fees and charges for support.

NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**B. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)**

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Statement of Activities presents a comparison between expense and program revenues for each function of the County's governmental and business-type activities. Direct expenses are those that specifically associate with a program or function and therefore are clearly identifiable to a particular function. Program revenues typically include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational and capital requirements of a particular program. If revenues are not considered program revenues, they are considered general revenues used to support all of the County's functions. Taxes are always general revenues.

Interfund activities within governmental funds and between governmental and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and the Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions within governmental funds and between governmental and internal service funds are eliminated on the government-wide statements. Interfund activities between governmental and enterprise funds remain on the government-wide statements and appear on the government-wide Statement of Net Position as internal balances and on the Statement of Activities as interfund transfers. Interfund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide Statement of Net Position.

**Fund Financial Statements**

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. Remaining governmental funds, internal service funds and fiduciary funds are reported as nonmajor funds.

*Governmental fund financial statements* use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The County considers all revenues available if they are collectible within 60 days after year end. Revenues not considered available are recorded as deferred inflows of resources. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are only recorded when payment is due.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**B. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)**

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the state are recognized under the "susceptible to accrual" concept. In applying the susceptible-to-accrual concept to intergovernmental revenues, there are essentially two types of revenues. In one type, monies are expended on the specific purpose or project before any amounts will be paid to the County; therefore, revenues are recognized based upon the expenditures incurred. In the other type, monies are virtually unrestricted and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Property taxes are recognized as revenue in the year for which the taxes are levied if they will be collected within 60 days of the end of the fiscal year. Sales tax, fines and forfeitures, and miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the County to refund all or part of the unused amount.

*Proprietary funds* distinguish operating revenues and expenses from non-operating items. Operating revenues result from providing goods and services in connection with a proprietary fund's principal ongoing operations; they usually come from exchange or exchange-like transactions. All other revenues are non-operating. Operating expenses can be tied specifically to the production of the goods and services, such as materials and labor and direct overhead. Other expenses are non-operating.

The proprietary fund types and fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

The County reports the following major governmental funds:

**General Fund** – The General Fund is the County's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

**Permanent Improvement Fund** – The permanent improvement fund accounts for the resources accumulated and expended for the improvements made to the County.

**COVID-19 SLFRF Fund** – The COVID-19 SLFRF fund accounts for the resources accumulated and expended for the uses made with the Federal grant the City of Levelland and the County have together.

Nonmajor Governmental funds are used to account for the County's expendable financial resources and related liabilities (except those accounted for in the proprietary funds). Currently, the County maintains several special revenue funds as nonmajor funds.

The County reports the following fund types as nonmajor governmental funds:

**Special Revenue Funds** – The County accounts for resources restricted to, or designated for, specific purposes by the County or a grantor in special revenue funds. Some federal and state financial assistance is accounted for in special revenue funds, and sometimes unused balances must be returned to the grantor at the close of specified project periods. The County has twenty-three funds designated as special revenue funds.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**B. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)**

With the implementation of GASB 54, the County now reports fund balances of governmental funds in the following classifications depending on the relative strength of the spending constraints placed on the purpose for which resources can be used:

**Nonspendable Fund Balance** – Represents the amount that cannot be spent because the assets are either not in a spendable form (such as inventory or prepaid insurance) or are legally required to remain intact (such as notes receivable or principal of a permanent fund).

**Restricted Fund Balance** – Represents the amounts that are constrained by external parties, constitutional provisions or enabling legislation.

**Committed Fund Balance** – Represents amounts that can only be used for a specific purpose because of a formal action by the County's Commissioners' Court. Committed amounts cannot be used for any other purpose unless the Commissioners' Court removes the restrictions by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Commissioners' Court. Commitments are typically done through adoption and amendment of the budget. Committed fund balances differ from restricted balances in that the constraints on the funds' usage is internally generated, rather from external sources, constitutional provisions, or enabling legislation.

**Assigned Fund Balance** – Represents amounts which the County intends to use for a specific purpose but does not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Commissioners' Court or by an official or body to which the Commissioners' Court delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the General Fund convey that the intended use of the amounts is for a specific purpose that is narrower than the general purpose of the County itself. The Commissioners have not yet delegated authority to assign fund balance amounts to a specific individual.

**Unassigned Fund Balance** – Represents amounts which are unconstrained in that they may be spent for any purpose. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative fund balance in this classification because of overspending for specific purposes for which amounts have been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

**Proprietary funds** are used to account for activities that are similar to those often found in the private sector. Currently, the County reports two enterprise funds and one internal service fund as its proprietary funds. None of these funds are considered major funds. The enterprise funds are used to account for services and supplies provided to the inmates of the County's jail. The internal service fund accounts for medical care provided to the employees of the County. These funds are intended to be entirely or predominantly self-supported through user charges to customers.

Currently, the County maintains the following types of proprietary funds:

**Enterprise Funds** – The County's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in enterprise funds. The County has two enterprise funds.

HOCKLEY COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**B. STATEMENT PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS (Cont.)**

**Internal Service Funds** – Revenues and expenses related to services provided to organizations inside the County on a cost reimbursement basis are accounted for in internal service funds. The County currently has one internal service fund. Internal service funds are reported as proprietary funds at the fund level, but are combined with the governmental funds at the government-wide financial statement level, and are reconciling items.

The County has adopted the provisions of Statement 34 of the Governmental Accounting Standards Board - *Basic Financial Statements – and Management’s Discussion and Analysis – For State and Local Governments* (GASB 34). This statement established standards for external financial reporting for all state and local government entities, which includes statements of net position, revenues, expenses and changes in net position, and a direct method for the statement of cash flows for proprietary funds. GASB 34 requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These components are reported in the proprietary fund financial statements as well in the government-wide financial statements. These classifications are defined as follows:

**Net Investment in Capital Assets** - This component consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes or other borrowings that are attributed to the acquisition, construction, or improvement of the capital assets.

**Restricted** – This component consists of net positions which are restricted through external constraints either by creditors, grantors, contributors, laws or regulations of other governments, or through constitutional provisions or enabling legislation.

**Unrestricted** - This component consists of the net positions which do not meet the definition of the first two categories.

Additionally, the County maintains and reports the following fiduciary funds:

**Custodial Funds** – The County accounts for resources held in a custodial capacity in custodial funds. This includes amounts received for County operations but not transferred to the governmental funds. The County has twenty-one custodial funds.

**C. OTHER ACCOUNTING POLICIES**

- a. For purposes of the statement of cash flows for proprietary funds, the County considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
- b. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the General Fund. All appropriations lapse at the end of each fiscal year, and encumbrances outstanding at that time are either cancelled or appropriately provided for in the subsequent year's budget. Encumbrances do not constitute expenditures or liabilities.
- c. Capital assets, which include land, buildings, furniture, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than; \$5,000 for equipment and machinery; \$100,000 for buildings (and building improvements) and infrastructure; and an estimated useful life in excess of two years. Land is always capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

HOCKLEY COUNTY, TEXAS  
 NOTES TO THE FINANCIAL STATEMENTS  
 YEAR ENDED DECEMBER 31, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**C. OTHER ACCOUNTING POLICIES (Cont.)**

c. (cont.) The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Buildings, furniture, and equipment of the County are depreciated using the straight-line method over the following estimated useful lives:

| Assets                | Years |
|-----------------------|-------|
| Buildings             | 40    |
| Building Improvements | 15-25 |
| Infrastructure        | 20-25 |
| Vehicles              | 5     |
| Office Equipment      | 5-10  |
| Machinery & Equipment | 5-30  |
| Water Rights          | 12-40 |

- d. Since internal service funds support the operations of governmental funds, they are consolidated with the governmental funds in the government-wide financial statements. The expenditures of governmental funds that create the revenues of internal service funds are eliminated to avoid "grossing up" the revenues and expenses of the County as a whole.
- e. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- f. County employees are entitled to certain compensated absences based on their length of employment. Except for extenuating circumstances, compensated absences do not vest or accumulate and are recorded as expenditures when they are paid.
- g. When the County incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever they will have to be returned if they are not used.
- h. Any inventory or materials and supplies on hand at year-end are considered insignificant, and, therefore, not reflected in the financial statements. A small inventory of food and supplies is kept for the inmates in the Sheriff's Commissary Fund.
- i. FASB ASC 855-10-50-1 requires reporting entities to disclose the date through which subsequent events have been evaluated and whether that date is the date the financial statements were issued or available to be issued. Management has evaluated subsequent events through the date on the auditor's report, the date the financial statements were available to be issued.
- j. The County is exposed to various risks of loss related to torts; errors and omissions; violations of civil rights; theft of, damage to, and destruction of assets; natural disasters; injuries to employees; and other claims of various natures. The County participates in both the Texas Association of Counties Intergovernmental Risk Pool (TAC Pool) and the West Texas Rural Counties Association, which provide protection for risks of loss. TAC Pool was established by the Texas Association of Counties to provide self-insurance for its members and to obtain lower costs for insurance. The County pays annual premiums for liability, property, workers' compensation, and unemployment coverage. Annual contribution rates are determined by each Pool Board. Such rates are estimated to include all claims expected to occur during the policy period, including claims incurred but not reported.

NOTES TO THE FINANCIAL STATEMENTS

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**C. OTHER ACCOUNTING POLICIES (Cont.)**

j. (cont.) TAC Pool has established Claims Reserves for each of the types of insurance offered. Thus, although TAC Pool is a self-insured risk pool, members are not contingently liable for claims filed above the amount of the fixed annual contributions and the member's policies' deductibles. If losses incurred are significantly higher than actuarially estimated, TAC Pool adjusts the contribution rate for subsequent years. Members are also entitled to returns of contributions if actual results are more favorable than estimated. Any losses reported but unsettled or incurred and not reported are believed to be insignificant to the County's basic financial statements.

TAC Pool also makes available to the County loss control services to assist the County in following a plan of loss control that may result in reduced losses. The County agrees that it will cooperate in instituting any and all reasonable loss control recommendations made by TAC Pool.

For the year ended December 31, 2022, the County contributed \$281,203 for its property, liability, workers' compensation, and unemployment coverage.

The County also carries insurance on most other risks of loss including employee health and accident insurance and surety bond coverage.

No significant reductions in insurance coverage occurred in the past fiscal year, and settled claims have not exceeded insurance coverage in any of the past three fiscal years.

k. In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The County has the following items that qualify for reporting in that category:

- Deferred outflow related to pensions, which result from pension contributions after the measurement date (deferred and recognized in the following fiscal year) and differences in projected and actual earnings on pension liabilities. This amount is amortized over a five year period.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has the following items that qualify for reporting on the government-wide statement of net position.

- Deferred inflow related to pensions, which result from differences in projected and actual earnings on pension liabilities. This amount is amortized over a five year period.

Additionally, the County has one type of this item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported on in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**D. LEASES**

Leases Effective July 1 ,2021, the County implemented GASB No. 87, Leases. As the lessee, the County determines whether a contract is, or contains a lease at inception. Lease agreements with a maximum lease term of twelve months or less, including options to extend, are accounted for as a short-term lease. Lease agreements that transfer ownership of the underlying asset to the County at the end of the contract are recorded as a finance purchase with a related lease liability.

HOCKLEY COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**D. LEASES (Cont.)**

Lease agreements not classified as a short-term lease, or a finance purchase are accounted for as an intangible right to use lease asset. An intangible right to use lease asset represents the County's right to use an underlying asset during the lease term and the lease liability represents the County's obligation to make lease payments arising from the lease. Intangible right to use lease assets and lease liabilities are recognized at lease commencement based upon the estimate present value of unpaid lease payments over the lease term. The County uses its incremental borrowing rate based on information available at lease commencement in determining the present value of unpaid lease payments. As the lessor, the County applies the same criteria but recognizes a lease receivable and a deferred inflow of resources equal to the present value of the lease payments.

The County did not have any leases during the year end December 31, 2022. Therefore, GASB No. 87 does not affect the financial statement presentation and disclosure.

**E. CORONAVIRUS DISEASE (COVID-19)**

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The City may be adversely affected through lack of personnel available to work, interruptions in work being completed, and/or a decrease in revenue. The County continues to monitor the situation surrounding COVID-19. Management will continue to evaluate the impact it will have on future operations.

**F. BUDGETARY DATA**

The State of Texas requires annual budgets to be prepared for the general and special revenue funds. The budgets are prepared on the cash basis (budget basis) in order to comply with the Constitution of the State of Texas. The County Commissioners' Court, on a departmental basis, exercises budgetary controls over expenditures. The actual results of operations for the County's General Fund are presented in Exhibit G-1 in accordance with the budget (cash) basis to provide a meaningful comparison of actual results with the original and final budget. The differences between the cash basis (budget basis) and the modified accrual basis (generally accepted accounting principles [GAAP] basis) are that revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP) and expenditures are recorded when paid (budget) as opposed to when incurred (GAAP).

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. As required by the State of Texas, the County Judge, with the assistance of the County Auditor, prepares an annual budget prior to the beginning of the fiscal year. Budgeted funds include the general and special revenue funds.
2. The budget is filed in the County Clerk's office and is open to public inspection. The Commissioners' Court is required to hold at least one public hearing on the budget no less than 15 days subsequent to the filing by the County Judge.
3. The budget is then adopted at the conclusion of the last public hearing by the favorable votes of a majority of the members of the Commissioners' Court. The original budget was adopted by the Commissioners' Court on August 12, 2022, in accordance with the above process. The final fiscal 2022 budget revision was adopted by the Commissioners' Court on August 22, 2022.
4. The Commissioners' Court approves all revisions of the budget, including transfers of budgeted amounts between departments within a specific fund, transfers between funds, and increases to total expenditures of any fund.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**F. BUDGETARY DATA (cont.)**

5. The fiscal 2022 budget was prepared on the cash basis using estimated beginning and ending cash balances. There is not a significant difference in the budgeted revenues and expenditures between the cash basis and the modified accrual basis.

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS**

**Compliance with the Public Funds Investment Act** – The County’s investment policies are governed by State statutes and County ordinances. The Public Funds Investment Act (PFIA, Chapter 2256) requires the County to adopt, implement, and publicize the investment policy which covers specific provisions in the Act regarding investment practices, management reporting, and policy establishment. The investment policy is available for public inspection at the County Courthouse. The PFIA establishes authorized investment vehicles for the County. The County is in substantial compliance with the PFIA at the end of the 2022 fiscal year.

**Restricted Cash** - Under the normal course of conducting its activities, the County will become the custodian of funds that can only be paid on behalf of, for, or to certain third-party beneficiaries. These funds are held in either bank accounts or short-term certificates of deposit until use of the funds is required. As of December 31, 2022, the County had restricted cash in the amount of \$96,497 that was payable to third-party beneficiaries held in the Custodial funds.

**Custodial Credit Risk for Deposits** – Custodial credit risk is the risk that in the event of a bank failure, the County’s deposits may not be returned to it. The County manages its custodial credit risk by depositing its funds with institutions participating in the FDIC insurance programs and is able to collateralize the deposits in accordance with State statutes.

State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent.

In accordance with the FDIC, funds owned by the County are public unit deposits. Time deposits, savings deposits, and interest bearing NOW accounts of a public unit held at a financial institution will be insured up to \$250,000 in aggregate and separate from the coverage for public unit demand deposits held at the same institution. All County deposits at December 31, 2022 were covered by the federal depository insurance, a line of credit or the financial institution’s pledged collateral, and were not subject to custodial credit risk.

The County’s deposits and collateralization by institution as of December 31, 2022 are as follows:

|                                  | <b>First Bank &amp;<br/>Trust</b> |

The County's business-type activities had no capital assets as of December 31, 2022.

**NOTE 4 - INTERFUND BALANCES AND TRANSFERS**

Transactions between funds that would be treated as revenues, expenditures, or expenses if they involved organizations external to the governmental unit are accounted for as revenues, expenditures, or expenses in the funds involved. Reimbursements from one fund to another for expenditures or expenses already made are recorded as expenditures or expenses in the reimbursing fund. Non-recurring or non-routine transfers of equity between funds are treated as residual equity transfers and are reported as additions to or deductions from the fund balance of governmental funds. All other transfers are treated as operating transfers and are included in the results of operations of the governmental funds.

The County had the following interfund balances as of the end of the year:

| Due From        | General<br>Fund     | Debt<br>Service<br>Fund | Special<br>Revenue<br>Funds | Totals               |

NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 4 - INTERFUND BALANCES AND TRANSFERS**

During the year ended December 31, 2022, the County transferred \$500,000 from the General Fund to the Mallet MPEC Operating Fund for general operation purposes.

**NOTE 5 - PROPERTY TAXES**

In accordance with state law, all appraisals of County property for tax purposes are made by the county-wide appraisal authority, Hockley County Appraisal District. Assessed values are based upon 100 percent of appraised market value and are reviewed every three years. Taxpayers have the right to challenge the assessed value.

The County's property taxes are levied each October 1 based upon 100 percent of the assessed value listed as of the prior January 1 for all real and business personal property located in the County in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property by state law to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the County's fiscal year.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General Fund, the special revenue funds, and the debt service funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the County is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

The County's fiscal year is the calendar year, while the tax years have a September 30 year end. This overlap in fiscal year requires the County to recognize the 2021 tax levy as income for government-wide financial statement purposes under the full accrual basis of accounting, but only recognize what is collected during the fiscal year as revenue for the governmental fund financial statements. The remainder of the 2021 tax levy is reported as a tax receivable and a deferred inflow in the governmental funds.

The tax rates for the 2022 fiscal year (2021 and 2022 tax levies) are \$0.59688 and \$0.46474 per \$100 assessed value for County operations, respectively. The maximum allowable tax rate for the County is \$1.10 for each \$100 assessed value. The County is subject to a tax rate rollback if the total amount of property taxes imposed in any year, as defined by statute, exceeds the total amount of property taxes imposed in the preceding year, as defined by statute, by 3.5%.

The original appraised taxable values upon which the 2021 and 2022 tax levies are based are \$2,311,898,512 and \$3,197,721,287, respectively, resulting in tax levies of \$13,832,053 and \$14,813,989 respectively after supplemental adjustments made by the Hockley County Appraisal District. The County has collected approximately 98.57% of 2021's tax levy and 98.35% of 2022's levy as of December 31, 2022.

**Concentration of Risk** – A significant percentage of the County's property tax revenue comes from the oil and gas industry. Should the industry continue to decline in production, the County's revenue and resulting services may be severely impacted.

**NOTE 6 - MEDICAL/HEALTH CARE COVERAGE – SELF-INSURANCE FUND**

The County utilized an internal service fund to account for its medical self-insurance program until June 1, 2006. The purpose of this fund was to pay medical insurance claims of the County employees and their covered dependents and minimize the total costs of annual insurance to the County. Employees who had met the requirements necessary to be classified as "fully vested" remained on the medical and health plan for life, while employees not "fully vested" were eligible to remain on the medical and health plan in accordance with laws established by COBRA. Such laws provide different time limits depending on whether the employment separation was due to voluntary or involuntary termination.

HOCKLEY COUNTY, TEXAS  
 NOTES TO THE FINANCIAL STATEMENTS  
 YEAR ENDED DECEMBER 31, 2022

**NOTE 6 - MEDICAL/HEALTH CARE COVERAGE – SELF-INSURANCE FUND (Cont.)**

A private insurance carrier determined premium payments to be made by the County. Any dependent coverage was funded by charges to employees. Annual claims were paid from accumulated premium payments, and claims exceeding specified limits are paid by the private insurance carrier.

Beginning June 1, 2006, the County discontinued the self-insurance fund and converted to Blue Cross Blue Shield of Texas for health insurance benefits. The Texas Association of Counties Health Benefits Department serves as plan administrator. The County pays premiums for full-time employees. Employees may add spouses and children and pay premiums through payroll deductions. For the calendar year 2022, the County paid approximately \$1,862,605 for health insurance.

The internal service fund is still active to account for any pending claims under the old self-insurance program. Activity for the 2022 fiscal year reported \$70 in operating revenues, \$120 in expenditures and \$17 in interest income in the fund. The fund has a cash balance of \$830 at December 31, 2022.

**NOTE 7 - PENSION PLAN**

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined pension plan through the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system, consisting of 830 nontraditional defined pension plans from various county and district governmental entities statewide. TCDRS in the aggregate issues an annual comprehensive financial report (ACFR) on a calendar year basis. The ACFR is available upon request through TCDRS, PO Box 2034, Austin, TX 78768-2034, or through the [www.tcdrs.org](http://www.tcdrs.org) website.

All eligible employees of the County are required to participate in TCDRS plan.

**Benefits Provided** - The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at age 60 or above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of the member's age and years of service equal 80 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed contributions. Members who withdraw their personal contributions in a lump sum prior to retirement are not entitled to the employer contributions.

Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Employees covered by benefit terms.

At December 31, 2021 valuation and measurement date, the following employees were covered by the benefits terms:

|   |            |
|---|------------|
| Inactive employees entitled to but not yet receiving benefits | 114        |
| Inactive employees receiving benefits                         | 109        |
| Active employees  | <u>127</u> |
| Total   | <u>350</u> |

HOCKLEY COUNTY, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**NOTE 7 - PENSION PLAN (Cont.)**

**Contributions** – The contribution rates for employees in TCDRS are either 4%, 5%, 6% or 7% of the employee’s gross earnings, as adopted by the County’s governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer’s plan. Employer contribution rates are determined annually and approved by the TCDRS Board of Trustees. The employee deposit rate and the employer contribution rate may be changed by the governing body of the County within the options available to the TCDRS Act.

Employees for the County are required to contribute 7.00% of their annual gross earnings during the fiscal year. The contribution rates for the County were 14.00% and 13.80% in calendar 2021 and 2022, respectively. The County’s contributions to TCDRS for the year ended December 31, 2022 were \$722,921 and were equal to the required contributions.

**Net Pension Liability/(Asset)** – The County’s Net Pension Liability (NPL) was measured as of December 31, 2021, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date. The December 31, 2021 actuarial valuation is the most recent valuation.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2021 actuarial valuation using following actuarial assumptions:

|                           |       |
|---------------------------|-------|
| Inflation                 | 2.50% |
| Overall payroll growth    | 3.00% |
| Investment Rate of Return | 7.50% |

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS’s investment consultants and are based on January 2021 information for a 7-10 year time horizon.

**Discount Rate** – The discount rate used to measure the Total Pension Liability was 7.60%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan’s Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine Total Pension Liability.

**Sensitivity of the Net Pension Liability/(Asset) to Changes in the Discount Rate** – The following presents the net pension liability of the County, calculated using the discount rate of 7.60%, as well as what the County’s net pension liability would be if it were calculated using a discount rate that is 1 percent point lower (6.60%) or 1 percent point higher (8.60%) than the current rate:

|   | 1% Decrease in<br>Discount Rate<br>(6.60%) | Discount Rate<br>(7.60%) | Increase in<br>Discount Rate<br>(8.60%) |

INTERNAL CONTROL AND COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Judge and County Commissioners' Court  
Hockley County, Texas  
802 Houston St.  
Levelland, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Hockley County, Texas (the County), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 25, 2023.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
