On 10/22/2025 at 14:27, the Levelland Fire Department was dispatched to the Levelland Landfill for a reported fire involving a large garbage pile. Upon arrival, heavy smoke and active fire were observed within multiple sections of the landfill area.

T-9 and B-14 established an initial attack and began suppression efforts using water and Class A foam. Additional personnel arrived on scene in personal vehicles to assist with manpower and operational support. Due to the size and depth of the fire, mutual aid was requested from Meadow, Smyer, and Sundown Fire Departments. Each department provided additional brush trucks and tankers to assist with water shuttle operations and perimeter suppression.

Approximately **70,000 gallons of water** were used collectively from all responding agencies to bring the fire under control. Additionally, **7 gallons of Class A foam** were utilized to increase the effectiveness of suppression efforts and minimize rekindling. In total from all departments 37 gallons of class A foam were used.

Crews remained on scene conducting extensive overhaul to ensure complete extinguishment and to prevent further flare-ups. The scene was turned over to landfill management upon completion of operations. All units cleared the scene at **20:30 hours**.
